

Do you want ...

something interesting to do this summer?

to make contacts for the future?

valuable research experience?

to learn how to give first-class presentations?

to earn some money?

Undergraduate R&D Vacation Scholarships at CSIRO

Scholarships are available in the following areas and cities:

CSIRO Mathematical and Information Sciences (CMIS)

are offering scholarships in Adelaide, Brisbane, Melbourne, Sydney and Perth in mathematical, statistical, computer science and engineering.

CSIRO Industrial Physics (CIP)

are offering scholarships in Lindfield, NSW, in areas of nanotechnology, physics and intelligent systems.

CSIRO ICT Centre

are offering scholarships in Canberra, Brisbane, and Sydney in information and communication technologies areas

Three of CSIRO's research units in various locations throughout Australia are combining to offer a summer vacation program for students in the areas of science and engineering.

There are 40 scholarships open to students who have completed at least 3 years of undergraduate study and have maintained a credit average or better. Placements are for 8-12 weeks. **The scholarship rate is \$550 per week.**

To find out more about this exciting program which includes training in presentation skills and culminates in attendance at a two-day conference to showcase students and their work, visit

<http://www.cmis.csiro.au/Positions.Vacant/>

Applications will be accepted until 13 September 2006.

For selection documentation and details on how to apply, visit:
